

Ancient Monuments and Archaeological Areas Act 1979

It is important that you read the accompanying guidance notes as incorrect completion will delay the processing of your application. You can complete and submit this form by email (scheduledmonumentconsent@hes.scot) or by post to Heritage Management Business Support, Historic Environment Scotland, Longmore House, Salisbury Place, Edinburgh, EH9 1SH.

1 Applicant name and address

Title	Mr	First Name	Gary	Surname	Sweeney
Company / Organisation	Inverclyde Council				
Building No / Name	71				
Street	East Hamilton Street				
Town / City	Greenock				
County / Region	Inverclyde				
Postcode	PA15 2UA				

2 Monument to which application applies

Index no		Name	Greenock Cut
Local Authority	Inverclyde Council	Grid Ref	NS 22965 73017
Description of location of land	From Cornalees Bridge The Cut runs west then turns northward following along the contour of Dunrod Hill which it follows round until running eastwards directly above the town of Greenock at Overton, having come a distance of 9 km (5.6 mi). On the way it collects some of the water from streams that cross its path.		

3 Pre-application discussions

Have you undertaken pre-application discussions with Historic Environment Scotland? (If yes, please give details below)	Y ☒ N ☐
Pre-application emails exchanged – provided info on the project along with a plan drawing and also photographs showing similar works carried out in the past on the same monument.	

4 Summary of proposed works (max 20 words)

Bring footpath up to standard and repair approx. 15m of dry stone dyke wall using traditional methods.

5 Description of proposed works

██████████ acting in its capacity as owner maintain the footpath and associated features that make up 'The Cut'. ██████████ will be bringing the footpath up to standard by placing and compacting type 1 stone with an overall thickness of 75mm. This will then be topped with a covering of buff coloured whin dust 20mm thick to match in with the existing footpath. As well as the footpath there is a section of stone dyke wall, which retains the path, has collapsed and needs re-built. This section is approx. 15m in length. It will be re-built using the existing stone and traditional methods. No Imported material will be permitted.
