Scheduled Monument	Stirling Castle		
Location/ Address	Stirling		
Proposed Works	Installation of railings to truncated forework tower		

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below, subject to the attached condition.

Consented Works:

- a) Installation of railings to the truncated tower of the James IV Forework within the Queen Anne Gardens

as described in your application which we validated on 11 January 2017 and the following supporting documents:

- 1) Location plan – 333/291/U/99
- 2) Drawing showing detail of new railings at truncated tower – 333/291/U/98
- 3) Assessment of archaeological response – report dated 09 Jan 2017

Conditions referred to above

1. No work requiring scheduled monument consent shall take place within the scheduled area until the applicant has secured the initiation of a programme of archaeological work in accordance with a Written Scheme of Investigations (WSI)/project design and has had this WSI approved in writing by Historic Environment Scotland. This scheme of works shall be fully implemented during the course of the approved development.

Reason: to ensure that archaeological information is recovered and recorded to a satisfactory standard.

Reasons for the Decision:

Subject to compliance with the schedule of conditions, the works proposed are considered acceptable in meeting the terms of national policy for scheduled monuments, and also accounting for other material considerations.
