The Ancient Monuments and Archaeological Areas Act 1979

Amended entry in the schedule of monuments

Historic Environment Scotland in exercise of the powers conferred on it by section 1(5) of the Ancient Monuments and Archaeological Areas Act 1979 hereby amends the following entry in the statutory schedule of monuments:

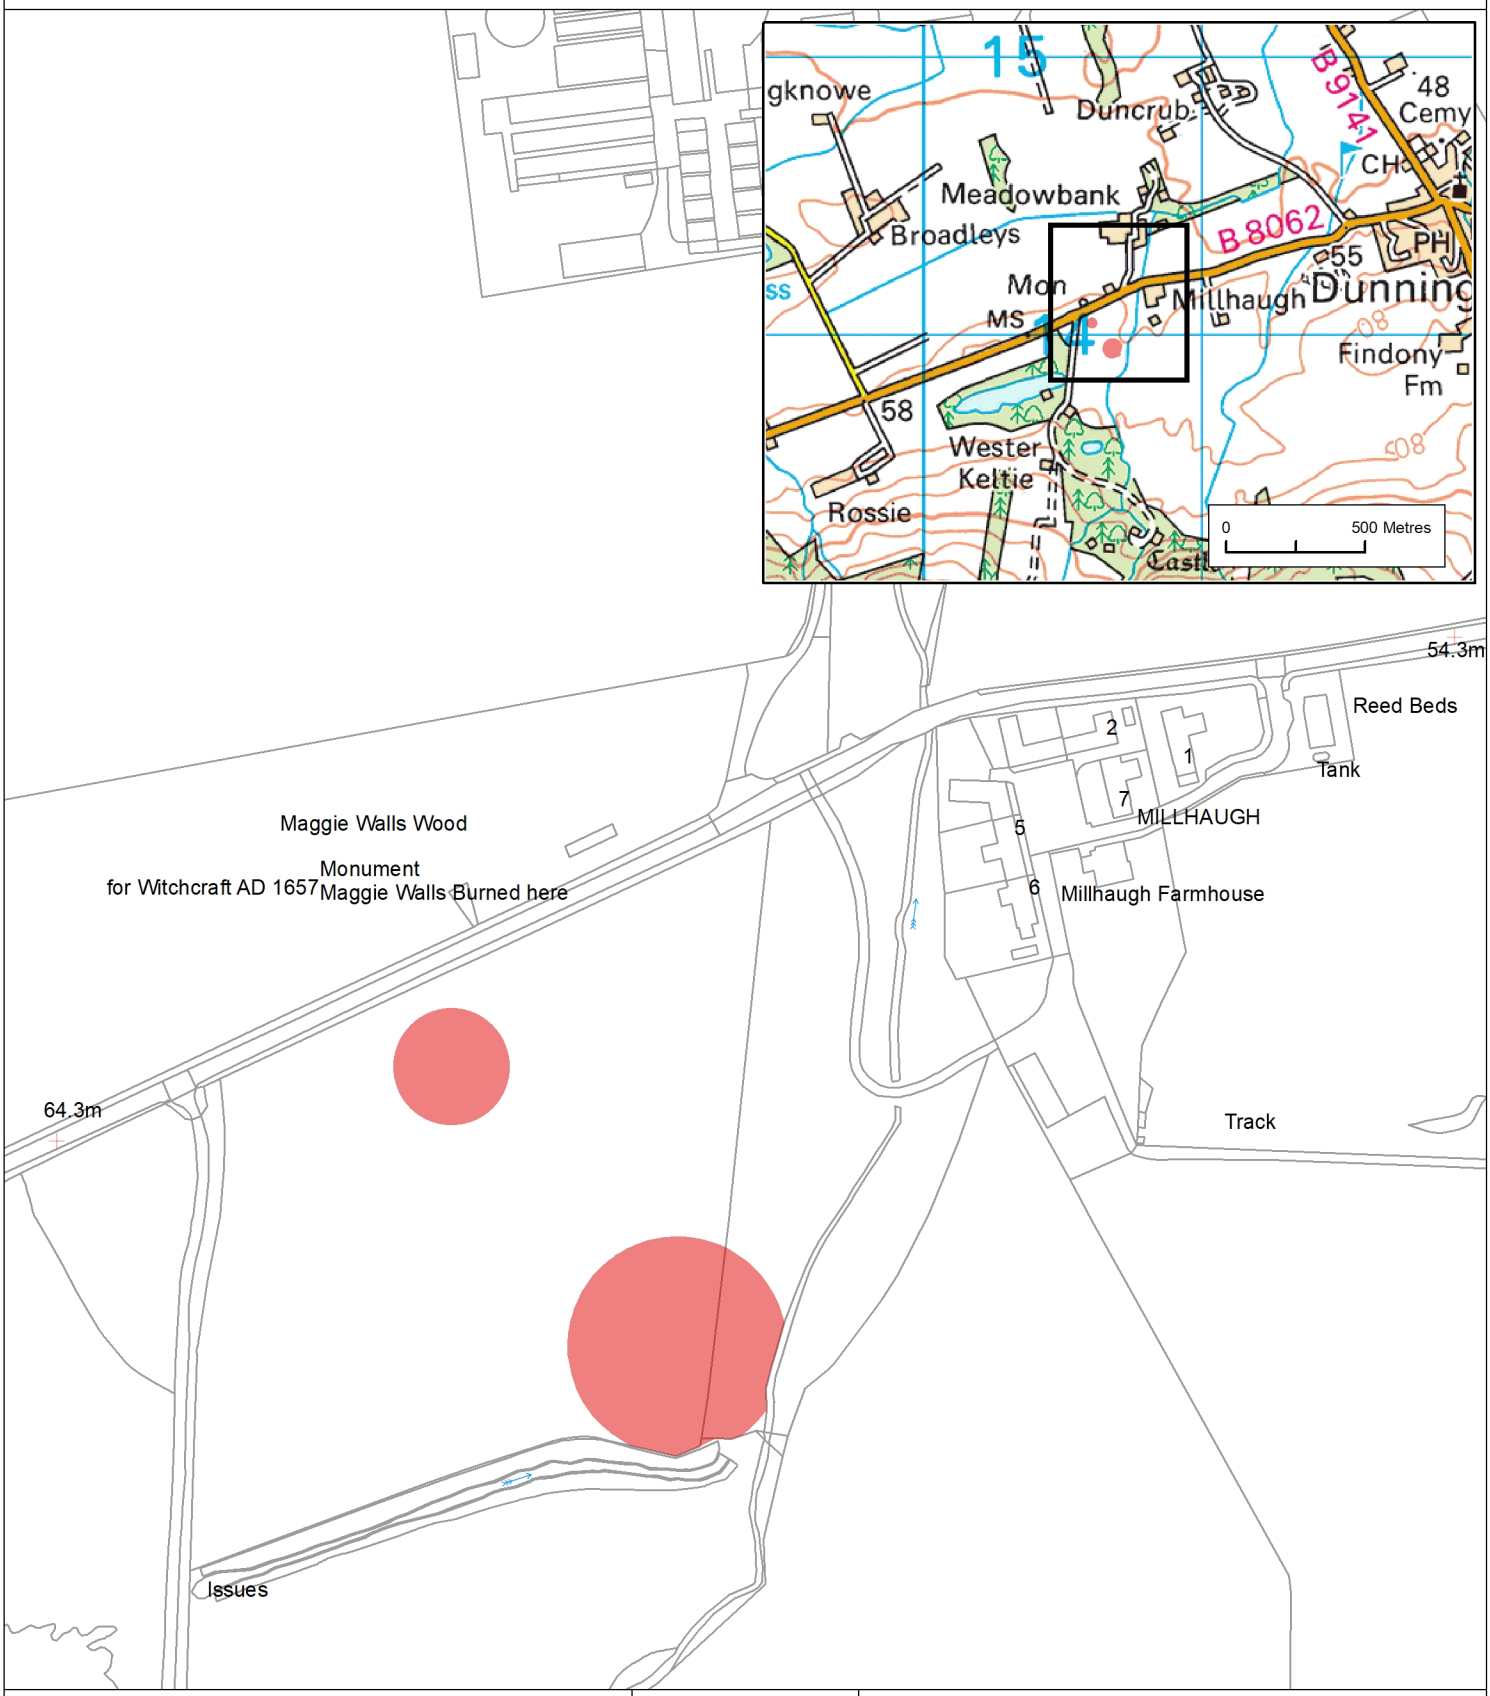

Henge and palisaded enclosure, 220m WSW and 210m SW of Millhaugh Farmhouse comprises a henge and palisaded enclosure dating from the Neolithic (4100-2200BC) to Bronze Age (2200-800BC). They have been recorded as cropmarks on oblique aerial photography, located in the Parish of Dunning and the County of Perth.

The scheduled area is in two parts; a circle to the north 38m in diameter and an irregular area to the southeast. It includes the remains described above and an area around within which evidence relating to the monument's construction, use and abandonment is expected to survive, as shown in red on the plan annexed and executed as relative hereto. The above ground elements of all current post and wire fences are excluded.

This entry supersedes 1) the entry in the schedule of monuments for the monument previously known as **Millhaugh, enclosures and other cropmarks 200m WSW of** as referred to in the entry in the schedule of monuments by the Secretary of State for Scotland dated 14 October 1993 and recorded in the General Register of Sasines for the County of Perth on 3 December 1993 and 2) the Amended Entry in the Schedule of Monuments of the monument dated 4 December 1995 and recorded in the General Register of Sasines for the County of Perth on 25 June 1996.

Authorised by Allan Rutherford, Deputy Head of Designations with Historic Environment Scotland on 5/10/2021.

This is the plan referred to in the entry in the Schedule affecting:
Henge and palisaded enclosure, 220m WSW and 210m SW of Millhaugh Farmhouse
